DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claims 20-48 in the reply filed on 10/04/2004 is acknowledged.

Claim Objections

The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claims 45-47 have been renumbered 46-48.

Allowable Subject Matter

Claims 20-48 are allowed.

The following is an examiner's statement of reasons for allowance: prior art references do not teach or render obvious a method of fabricating a transistor comprising all the steps as claimed in claim 20, claim 32 and claim 42.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Art Unit: 2811

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Reference A is being cited since it shows a dopant-bearing metal compound.
